

Mystical images at New Era Gallery

VISALLENEN — New Era Gallery will feature the work of ceramic artist Spanglo Lippold from the month of August. Lippold's work and photographs Michael Bell will be shown. The show will open with a public reception from 4 to 7 p.m. Saturday, Aug. 4, and run through Aug. 11.

Eric, a well known artist

will show both sculpture and functional pottery. Bell, who exhibits in the Boston area as well as Visalennen, will show black and white figurative pieces.

Bell's series shows an interest in the mystical qualities of the land and its inhabitants, as well

as the play of light on textured surfaces. Bell's other series is representative of the southern states which also includes oak leaf angels. Bell's figures appear to dance through the

woods, fly through the water and float mysteriously into sleep.

For hours and contact information, see the Current & Coming listings.

Spanglo Lippold's birds, polychromed clay sculpture "Flowers" will be part of Visalennen's New Era Gallery Saturday, Aug. 4.
